

PRESS STATEMENT FROM LIBERIA PETROLEUM REFINING COMPANY

JULY 28, 2014

Members of the 4th Estate

Fellow Liberians

On today Monday, July 28, 2014, the Liberia Petroleum Company (“LPRC”) Board of Directors met in an extraordinary session, and resolved to take positive and direct action aimed at curbing the alarming rise of cases of Ebola in Liberia. We made specific reference to health workers who are sacrificing at the front lines of this battle; and who desperately need and deserve the full support of us all.

In buttressing the efforts of the National Ebola Task Force recently set up by our President, Ellen Johnson Sirleaf, the LPRC Family is presenting \$75,000 United States Dollars as part of its Corporate Social Responsibility to be used for preventive gears such as face masks, body suits, latex gloves, foot and head wears for our health workers at medical facilities throughout the country.

LPRC calls upon all businesses in the Public and Private sectors, churches, mosques, civil society organizations, women, men and youth groups, political parties and all well meaning Liberians and foreign partners, to join this fight, which is one of national priority. We encourage everyone to unite in this fight, and caution all to take preventive measures, providing awareness and reporting all suspected cases to the nearest medical facility. This is the time for us to be our brothers` keepers.

In our effort to provide additional awareness, the LPRC Public Relations and medical teams have been mandated to engage in a massive public awareness campaign beginning at the LPRC Headquarters and extending to various communities on Tuesday, July 29, 2014.

The LPRC Family offers special prayers for the families, relatives and friends of all who have lost loved ones to Ebola epidemic, and pray that the Almighty God comforts and protects them during this time of their bereavement.

May the Mercy of God, through his Son Jesus Christ heal this land and provide total restoration to our Nation and peoples.

Our National Anthem rallies us to unite “with hearts and hands our country’s cause defending...” and to “meet the foe (Ebola) with valor unpretending”.

Liberians must unite and fight Ebola now! “In union strong success is sure We cannot fail!”

The logo for Liberia Petroleum Refining Company (LPRC) features a stylized oil drop shape in shades of grey and yellow. Below the drop, the letters 'LPRC' are written in a large, serif font, with 'LP' in grey and 'RC' in yellow. Underneath 'LPRC', the full name 'LIBERIA PETROLEUM REFINING COMPANY' is written in a smaller, grey, sans-serif font.
